General Information

A conveyance of real property to a real estate investment trust (REIT), as defined in section 856 of the Internal Revenue Code, may be subject to the transfer tax at the reduced rate of \$1 for each \$500 or fractional part of consideration. The conveyance may be to the REIT itself or to an entity, such as a partnership or a corporation, in which a REIT owns a controlling interest immediately following the transfer (REIT transfer).

To qualify for the reduced transfer tax rate, REIT transfers that are *in connection with the initial formation* of the REIT must occur on or after June 9, 1994. In addition, the REIT transfer must also meet certain *ownership retention requirements* and the *use of proceeds requirement* described below. **See TSB-M-94(4)R for the requirements for determining whether a REIT transfer qualifies as being a transfer that occurs in connection with the initial formation of the REIT.**

In addition, REIT transfers **other than those in connection with the initial formation** of the REIT qualify for the reduced transfer tax rate if they occur on or after July 13, 1996, but before September 1, 2008. Furthermore, in order to qualify for the reduced transfer tax rate, a REIT transfer must meet the *ownership retention requirements* described below.

Ownership retention requirements

As part of the consideration for the conveyance of real property or interest therein, the grantor(s) must receive ownership interests in the REIT or in an entity controlled or to be controlled by the REIT which have at least a certain minimum value as described herein. The value of those ownership interests received in the REIT or in an entity controlled or to be controlled by the REIT must be equal to at least 40% (50% if the conveyance is **other than in connection with the initial formation** of a REIT) of the equity value of the real property or interest therein conveyed by the grantor(s) to the grantee. In addition, the ownership interests in the REIT or in an entity controlled or to be controlled by the REIT received by the grantor(s) as part of the consideration for the conveyance must be retained by the grantor(s) (or an owner of the grantor) for a period of at least two years from the date of the REIT transfer, except in the case of the subsequent conveyance of these interests as a result of the death of an individual grantor. **See TSB-M-94(4)R for the method used to calculate the equity value of the property and the value of the ownership interests received.**

Use of proceeds requirement

At least 75% of the net cash proceeds (after deducting underwriting discounts) received by the REIT from its initial offering must be used for the following purposes:

- (a) to make payments on loans secured by any interest in the real property owned directly or indirectly by the REIT;
- (b) to pay for capital improvements to the real property owned directly or indirectly by the REIT;
- (c) to pay costs, fees and expenses (including brokerage fees, commissions and professional fees) incurred in connection with the creation of a leasehold or sublease pertaining to the real property owned directly or indirectly by the REIT;
- (d) to make payments to or on behalf of a tenant as an inducement to enter into a lease or sublease, including but not limited to the following:
 - (i) a cash bonus paid to a tenant for signing a lease;
 - (ii) a payment for the unexpired term of a tenant’s previous lease;
 - (iii) payment of a tenant’s moving costs;
 - (iv) payment for a tenant’s improvements that do not constitute capital improvements (such as temporary partitions or non-permanent electrical wiring for computer equipment); and
 - (v) payment of a tenant’s attorneys’ fees;

- (e) to acquire any interest in real property (including an ownership interest in any entity owning real property) **except** an acquisition that would qualify for the reduced rate of tax provided for a REIT transfer (without regard to this requirement); or
- (f) for reserves established for any of the purposes described in items (a), (b), (c) or (d) above.

For purposes of this requirement, the term *real property* includes real property owned directly or indirectly by the REIT, whether located inside or outside New York State. Also, the calculation of the net cash proceeds from the initial offering of the REIT is made without regard to any proceeds resulting from the exercise of any underwriter’s over-allotment option in connection with the initial offering of the REIT shares.
